FINANCIAL ARRANGEMENTS

We are committed to providing you with the best possible care. If you have dental insurance, we are anxious to help you receive the maximum allowable benefits. In order to achieve these goals, we need your assistance and your understanding of our payment policy.

Payment for services is **due at the time services are rendered** unless payment arrangements have been approved in advance by our staff. We accept cash, checks, Discover, American Express, Master Card or Visa. We will be happy to process your insurance claim form for your reimbursement. We will accept the assignment of benefits which means we will accept the payment directly from your insurance company. However, in order to do this, you must pay for the portion not covered at the time of service. Please bring your policy booklet which explains your dental benefits so that we may determine the amount covered.

Returned checks and balances older than 30 days may be subject to additional collection fees, court costs including attorney fees, and interest charges of 1.5% per month. Charges may also be made for broken appointments and appointments canceled without 24 hour advance notice. Any account balances more than 30 days past due are subject to a billing charge of 1.5% per month on the unpaid balance.

We will gladly discuss your proposed treatment and answer any questions relating to your insurance. You must realize however that:

1. *Your insurance is a contract between you, your employer and the insurance company.* We are not a party to the contract. When we accept assignment of benefits, it is a courtesy extended to you.
2. Our fees are generally considered to fall within the acceptable range by most companies qualifying them to be covered for the maximum allowance determined by each carrier. This applies only to policies which pay a percentage (for example, 50% or 80%) of usual customary and reasonable fees for this region ("UCR"). "U.C.R." is defined as usual, customary and reasonable fees for this region. Thus our fees are considered Usual, Customary, and Reasonable by most companies. This statement does not apply to companies who reimburse based on an arbitrary "schedule of benefits", which bears no relationship to the current standard and cost of care in this area.
3. *Not all services are covered benefits in all contracts.* Some insurance companies arbitrarily select certain services they will not cover.

We must emphasize that as dental care providers, our relationship is with you, not your insurance company. While the filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered. We realize that temporary financial problems may affect the timely payment of your account. If such problems do arise, we encourage you to contact us promptly for assistance in the management of your account.

If you have any uncertainty regarding insurance coverage, please do not hesitate to ask us. **Our primary concern is to provide you the highest quality dental care.**

I understand and agree that (regardless of my insurance status), I am ultimately responsible for the balance on my account for any professional services rendered. My signature will also verify that I agree to allow a direct transfer of funds from my checking account for any unpaid balance through FeeCertain. I have read all the information contained in these registration forms and have completed the answers to the best of my knowledge. I certify that this information is true and correct to the best of my knowledge. I will notify the doctor of any changes in my health status or any information included in these registration forms.
